## Direct Deposit

Direct Deposit is a solution to simplify how you handle your money matters. At 3Rivers, we understand you may not always have the time to stop into one of our locations. Direct Deposit helps you to simplify your life and cuts out the need for frequent trips to the branch. We offer this solution to help you to be more effective with your time and money. Here are some of the benefits of Direct Deposit:

- No lost or stolen checks
- Deposits reach your account the day the checks are issued (even if you are out of town or ill)
- Helps you avoid bouncing checks (due to holds or if unable to deposit a check)
- Saves you time and money from making trips to a branch.

The attached Direct Deposit & Payroll Deduction form can be used to authorize your employer to initiate Direct Deposit into your 3Rivers® account. It may take a pay period or two for the deposit to begin. When you begin receiving deposits directly into your account, you will no longer receive a paper check. Instead, you may receive a voucher or stub stating how much has been deposited into your account. The voucher will look similar to a real check, with all the same information on taxes, benefits, and other deductions that were on your paper paycheck. The form to the right will help you get started.

Date

Not all employers allow direct deposit and/or payroll deduction nor will they accept this form to establish both options. Please give this form to your payroll department after your account with 3Rivers has been established. Requested automatic distributions will be completed after the close of business on the date of deposit.

Federally insured by the NCUA.
